Hi Nancy,

Those tables in the APP are in Word. I just copied them from the draft APP and put them in this document. We'll be getting the rest of the pieces to you tomorrow.

Hi Alison,

Per my phone call to you, you can just provide a new page 9 with the correct references in the application. This includes the corrections to the IMW's references for Tables P-3 and P-4. We would need an updated electronic copy of the revised application too.

In addition, I asked for the IMW Table (Table 2.5-1) from the draft APP. Although I said in my phone call with you that we have Table P-1 locational information for the Observation and Hydraulic Control Wells, I like the tables in the draft APP (Tables 2.5-2 and 2.5-3) better and would like a copy of these tables from you.

Let me know if you have any questions for me.

Thanks, Nancy

Hi Nancy,

I got your voicemail about Attachment P. Specifically, on page 9, we referred to several drawings (p-2 through P-6). You are correct. We did not include them and it was an oversight.

The figures are exactly the same as A-13 through A-17 in Attachment A-1. We were just going to re-number them and put in Attachment P.

I can fix this one of two ways:

1—provide you with a new Page 9 for Att P that refers to Figures A-13 through 17

OR

2—Provide you with P-2 through 6.

Let me know your preference.

Alison
